Dear Sirs,I object to the proposed legislation NAB petition 04-160. I pay for the service and do not want limited broadcasting. I travel a great deal and rely on the accessability of the traffic and weather reports for my travel itinerary. I appreciate the direct commercial free approach provided by XM radio. It should be my choice as I pay for the content and variety available to me. I strongly urge the FCC to reject this proposal and leave it as it is.

Sincerely,
